Over the many years I have been writing these newsletters I have always tried to educate in ways to find good health. Traveling to many places I've have the privilege to teach many of you how to help the sick and diseased. Many of you have been training as Medical Missionaries who desire information on how to help others. As we look to what is taking place around us right now, I can see that even more great changes will soon take place in the world. But the one primary thought I have is how can we help those who have been damaged by the Covid vaccines?

The Bible tells me that in the end times, world circumstances will dramatically alter. Food shortages, natural disasters anarchy, so many different changes will happen. The question arises, are we now in these end time? I have been reading and studying this for over forty years now and I am convinced that we are on the cusp of incredible changes occurring in our world, exactly as predicted in the Bible. I don't know how all these changes will happen, but I do know that we are in for some very trying times.

But the important thing is that we have an answer. We have a heavenly Father who will protect us during these trying times. But He will not protect those who have not taken the time to learn to know of His ways. While the message of this newsletter may seem depressing to some, there is A GREAT HOPE that we can and must have. God is going to work through His consecrated people in a way we have never seen before. I believe it will be even more powerful than what happened with Christ's disciples at Pentecost.

Some Christian readers may agree with me, but I felt I needed to write this newsletter to warn those of you who have not been exposed to the teachings of the Bible. Remember, there is a law of health whereby we must learn to trust in Divine Power. We are entering the time when this will be critical. Please consider this newsletter carefully.

## The Way of Escape...

This newsletter is completely different from previous ones. We are now living in unprecedented times. The Coronavirus pandemic has turned our world upside down, changing so many aspects of our lives. How we meet together as friends and visit, how we shop, how we conduct our everyday lives; in so many ways we all have been impacted. People are fearing the future. They are concerned about their jobs, their schooling, wondering what is ahead. Everything has been turned upside down. Has all this happened as the result of an accident that originated from some Lab in China, or was it planned? If it was, by whom? And can we do some things to help ourselves? I am going to endeavor to answer some of these hard questions in this article. I know not everyone will see this the same as I do. I respect other people have their opinion, but we all respond to circumstances with the knowledge we have. My purpose with this article is to connect a few more dots in a puzzle that has caught many people by surprise.

I recently had a discussion with a person who felt that this current situation we are facing in the world will end positively. They said they had to believe this and needed to concentrate on having a hopeful outlook to keep their sanity. I want to propose some thoughts here. I would like to show you some prophecies from the Bible that predict we will soon enter some very dark times, but even amidst this, we still can have hope.

### Are we in End Times?

Many students of the Bible know that it has many prophecies and has many predictions as to what will happen at the end of the world during what is called the "last days". There are three main places in the New Testament (Matthew 24, Mark 13,

Luke 21) where Jesus tells His Disciples what will happen at the end of the world. Plus there are many other texts scattered throughout the Bible that gives us other clues as to what the world will be like during this time.

Let us look at some of these that I have drawn from these three chapters. Let us first look at the interactions of nation against nation. We are told there will be wars, rumors of wars, with nations fighting against each other. We have already endured two world wars, but the end did not follow immediately, as there was still more to come. There would be earthquakes in many parts of the world. The sea and waves roaring tells us of tsunamis that will occur.

Famines and pestilences across the world are predicted, many people will suffer greatly. There will be a great crisis, nations will be greatly distressed and people will be terrified and full of fear. Those in the cities will suffer most. The Bible describes this as a time of trouble that the world has never experienced before.<sup>(1)</sup> So we have to believe it will be worse than during the world wars we saw last century and the worst horrors of the concentration camps. There will also be great financial crisis.

The world will be filled with sin and evil, similar to the condition of the world that existed just prior to Noah's flood described in Genesis 6-8. Christians will be mocked, hated, persecuted, betrayed and handed over to authorities. They will be beaten and jailed. Families will be divided, with family members betraying one another. Many will lose their faith and love. There will be many martyrs for their faith. Just prior to this and during these times Jesus told Christians to leave the large cities and get into the country and then the mountains.

### Don't be deceived

One point that we must not miss is the emphasis that Jesus gives to His people about not being deceived. In Matthew 24 alone He tells us four times not to be deceived

and twice not to believe everything we are told, plus there are other texts in other parts of the Bible that tell us the same thing. There will be great deceptions everywhere, false Christs and false prophets will try to deceive the very elect, false miracles will be performed, Satan himself will pretend he is Jesus. Christ says there will be false Christs and false prophets appearing across the world. Don't go and see them<sup>(2)</sup>. We are told clearly that when Jesus returns His feet will not touch the earth<sup>(3)</sup>. We are not to underestimate the devil's power to deceive. There will be great signs and wonders done - some of these will be true miracles but some are miracles that Satan and his angels will perform to trick people<sup>(4)</sup>. We must have the gift of discernment given to us by the Holy Spirit to us so we can know what is of God and what is of the devil. We are told almost everyone will believe the lies told to them<sup>(5)</sup>. Even God's elect must be careful not to be deceived<sup>(6)</sup>.

Suppose a glorious being suddenly appeared somewhere in the world who claimed to be Christ and fitted the description of Jesus in Revelation 1:13-17. Suppose he preached beautiful Bible truths with power, called fire down from heaven, healed the sick, helped stop wars and fighting, read minds, blessed children etc. He may even speak with compassion and tenderness, in a similar way that people imagine Jesus spoke. What would be your reaction? We should at once know that he was an imposter, because Jesus at His second coming remains in the sky and calls His children up to Himself. Jesus Himself said not to even go and look at such a being as he would have power to deceive those who looked<sup>(7)</sup>. It is beyond the scope of this article to include all the references and Bible texts that support these points, but all the texts do exist. But we must realize Satan is out to deceive us and if we don't know Scripture, we will be deceived.

Signs in the heavens will occur. The sun will be darkened, the moon will not give her light, and the stars will fall. Now these have already occurred in 1780 and 1833. Yet many Bible scholars believe that these signs will be repeated again closer to Jesus' coming. Another sign is described as fearful sights and signs from heaven, and the powers of heaven shall be shaken. These have not happened yet and they are in the future. What is exactly meant by this is a little uncertain, but one thing can be sure is that people will become very afraid and fearful because of it.

The prophets Isaiah (in chapter 24) and Jeremiah (chapter 4:23-28) speaks of cities being broken down with confusion and desolation everywhere. So the Bible does not reveal that the end times will be easy.

The question we must ask ourselves is, are we in these times?

## New World Order

Now let us consider for a moment another aspect to this story – the New World Order. Now, who is behind the New World Order (NWO)? The NWO is described to be the uniting of the global nations to secure and maintain global peace. Along with this, they say their aim is to eradicate disease, poverty, injustice and bring to the world economic prosperity, democracy and freedom. You may have heard the word 'globalists' before, but for those who aren't familiar with it, these are people around the world who plan to create one global government, so they can have total global control over health, religion, finances – over everything.

A major player in the NWO is the United States. Another key influencer has been the church. This may surprise many because the mainstream Christian church does a lot of humanitarian work and there are Christians from all religions who love Jesus and live a compassionate life. A Catholic scholar and close insider at the Vatican was a man by the name of Malachi Martin. In his book 'The Keys of This Blood' Martin argues that the Vatican has been a driving force behind the changed world. He refers to the struggle between the church, the Communist powers and the Capitalist West, and the role the church has played in international affairs. His claims are supported by many other scholars, books and articles.

Other major contributors to the establishment of Globalism and the NWO are Big Business (I will include an example of just a few of the many organizations involved in each listing), Global Media Giants (CBS, 20th Century Fox, Disney), Financial groups (World Bank, Central Bank, Federal Reserve Bank), Research Institutions (Committee of 300), Secret Societies (Free Masonry, Skull and Bones), Political Organizations (The Trilateral Commission, The Bilderberg Group) Intelligence Organizations (MI-5, CIA, FBI, Mossad), Religious Councils (World Council of Churches) and Educational Institutions (Lucis Trust, UNESCO). At the head of the pyramid of power are the Illuminati royal bloodlines.

The NWO has been a dream by the Elite for many years. I found this description about the NWO from Wikipedia. "The New World Order is a conspiracy theory which hypothesizes a secretly emerging totalitarian world government. The common theme in conspiracy theories about a New World Order is that a secretive power elite with a globalist agenda is conspiring to eventually

rule the world through an authoritarian one world government—which will replace sovereign nation-states—and an all-encompassing propaganda whose ideology hails the establishment of the New World Order as the culmination of history's progress. Many influential historical and contemporary figures have therefore been alleged to be part of a cabal that operates through many front organizations to orchestrate significant political and financial events, ranging from causing systemic crises to pushing through controversial policies, at both national and international levels, as steps in an ongoing plot to achieve world domination."

It may be claimed to be a "conspiracy theory", but you would have been living in a bubble over the past year if you have not seen the push for and control of our country by "someone." Who is behind this? It is obvious that it goes further than our governments. It has happened simultaneously all over our world. To me it seems as if the governments of most countries are not concerned about the people, they are following orders from "someone" higher.

Because there are many players behind the NWO, this makes it very confusing for the person looking on, who tries to identify the power behind the changes we see in the world today. The point I want to make is that the majority of steps towards a NWO have already taken place. There is a plan that is centuries old that has been gradually, slowly, imperceptibly implementing changes over many decades. Now, all of a sudden, they have rapidly increased the changes that are being pushed on us. Remember, these have been planned for many years. My husband is an avid book reader and reads many books on different subjects. Some are on the planning of the Globalists and the NWO that are recently published, but others are 50 to 100 years old. He often remarks that what was planned and written up in these books, sometimes many years ago, is being acted out now. One thing that the globalists like to do is to boast about what they plan to do. So anyone who reads the books on this subject knows ahead of time what their plans are. Hollywood producers often have "inside" information and know ahead of time what is planned for our world and make films that make many references to these plans.

## Established many years ago

The NWO is believed to have been established back on the 1700s with the birth of the Freemasons and the Illuminati. It was active in the world conflicts and wars of the past two centuries. So it has planned carefully and brought about conditions in the world that bring us to the scenario we

are now in. It has set up the current financial situation the world is in. The same can be said for the health status of individuals or we may say the poor health of people. It is no mistake that world monopolies have taken control of the world food manufacturing. This is why so much of our food is devoid of proper nutrition, is contaminated with pesticides and herbicides, and is genetically modified. This is why our water is contaminated with fluoride and our skies with chemtrails.

Another consideration is the environment. Why is the world facing food shortages, enduring famines, and what about the crazy weather patterns? Our weather has been controlled for many years now. Some of us can remember back to the Vietnamese War and Operation Popeye. This was a military cloud-seeding project carried out by the U.S. Air Force during the Vietnam War in 1967–1972. The highly classified program attempted to extend the monsoon season over specific areas of the Ho Chi Minh Trail, in order to disrupt North Vietnamese military supplies by softening road surfaces and causing landslides. It was being used then as it is commonly used now. The U.S. Military says, whoever controls the weather controls the world. We see much evidence in the world that weather manipulation is still being carried on today.

So our financial, environmental, educational, social, medical, pharmaceutical, organized religions and most media are all under the control of people who are pushing an agenda. It is all controlled. These Globalists plan to create one global government so they can have total control over everything. They want to control our lives in many ways. The current players that are involved in this are the United Nations, the World Health Forum, the World Health Organization, the European Union, the International Monetary Fund, plus many others. They recently came together at Davos where they expressed how the pandemic will be used to deploy their plans.

Here are some of the statements they recently made: ‘now is the historic moment in time, not only to fight the virus, but to shape the system. The pandemic represents a window of opportunity to ‘reset’ our world. The world must act jointly and swiftly to revamp all aspects of our societies and economies, from educational to social contacts and working conditions. Every country, from the United States to China, must participate, and every industry, from oil and gas to tech, must be transformed.’ – Klaus Schwab, founder of the World Economic Forum.

A major leader of Globalism, is the World Economic Forum, founded by Klaus Schwab. He created a ‘spinning wheel’

with all their objectives. This is a chart that maps out all the objectives in ‘The Great Reset’. On it we can see many planned objectives including the following three ‘projects’: Covid19 followed by Global Governance, and Internet Governance. For more information about all of this, see the article Ultimate Proof: Covid-19 was Planned to Usher in the New World Order in last newsletter (Number 84).

It must be noted that no one has voted for these organizations to take control of our lives, yet they present as our world leaders who are planning our future. The World Health Organization presents itself as being in charge of our health. Tens of thousands of medical doctors and scientists have been censored all over the world, by Facebook, YouTube and Twitter. Why? Because these social media giants state that only what the World Health Organization says, is true. All of humanity must submit to these people who have positioned themselves over all of us, without ever asking our opinion or even consulting with other medical experts.

So there is ample evidence available for anyone who is interested in finding out about this. But who is really behind the NWO? Is there even another organization that is hidden behind it that uses and manipulates the many different front organizations? If there was, this would make it very hard to discover who the power behind this really is. I believe that the only sure and trusted place where we can find this evidence is in the Bible.

## **What does Bible prophecy say about Globalism and the NWO?**

We must realize that the one true enemy behind this attack on us is Satan himself. But he uses people and organizations to carry out his biddings. So we can get some clues by looking in the Bible itself because the Bible identifies who is behind this power. There are many end time Bible prophecies that refer to the uniting of the world under Globalism. In Revelation (17:12,13) the prophet John saw a time when the leaders of the world (represented by ten kings) would have a meeting of the minds. Instead of having one empire that ruled the world, the Bible predicts that in the end days there will be individual nations that come together in a common cause. In Rev 16:14 it says that the last great battle on earth will be a united world against God and His people. This war will be a religious battle – who we will worship (Rev 13:4,8,12,15). This same power controls the world economy, a power that dictates the purchasing power of people, no matter in which country they live. (Rev 13:16,17)

## **How to interpret prophecies**

All of us have seen editorial cartoons in the paper. In most cases they say something in one picture that couldn’t be said as well in words or, if it was, it would take many words to say the same thing. We are all familiar with some of the symbols that are used. A kangaroo represents the nation of Australia. Different animals can represent political parties, sports teams and countries. An eagle represents the United States and a bear represents Russia. So it was with some of the visions that Daniel was given. Daniel, a prophet of God, was given visions that showed him what would happen in the future of the world. Daniel was shown these visions and he wrote them down, describing the world powers and empires as beasts. It is beyond the scope of this article to cover many of these beasts and prophecies, but one stands out and is very important.

This beast power would arise after the fourth world kingdom (after Babylon, Medo-Persia, Greece and Rome). This is the beast power that eventually will force the people in the world to “take its mark” and receive “the mark of the beast”, described by John in the book of Revelation chapter thirteen. Many people have heard about this and are very concerned about getting the mark of the beast, because the Bible says if you get this, you will be lost eternally.

The point I want to make here is that there are different Bible texts, a number of them in Daniel and Revelation, but also in other places, that give us clues as to whom this beast power is. If you look at the list of characteristics described to identify this power, you can see clearly who it is. I have personally found at least twenty five identifying points that are scattered through different parts of the Bible. Some of these are: how it would appear after the Roman Empire but would come out of it; how it would uproot three powers in establishing itself; how it would exalt itself against the Most High; it would change times and laws; how it would persecute God’s people during the Dark Ages; how long it would reign for; that it would go into captivity; but its powers would be restored. It would profess to be religious—to speak as God, or for God; and people would worship this beast. The apostle Paul said that it was already at work in his day. So it would have to be a power that has long been established – since the first century to the current time.

Many Bible students and early church Reformers have studied this and have come to the conclusion that it is the Roman Papacy.

We must state here clearly that it is not the individual believers who make up the church today, but is the religious system itself. Many sincere and devout Christians belong to this church. My aim is not to offend and upset people, but let them know that this is what the Bible says.

It is one of the leading doctrines of the Roman Church that the Pope is the visible head of the universal church of Christ, invested with the supreme authority over bishops and pastors in all parts of the world. More than this, the Pope has been given the very titles of Deity. He has been styled “Lord God the Pope”, and declared to be infallible. He demands supreme homage of all men, (the same claim urged by Satan in the wilderness of temptation); he claims the power to reverse the decisions of all others. One of the titles claimed by the head of the Roman Church is Vicarius Filii Dei, or Vicar of the Son of God. Interestingly, this name adds up to 666. The Pope’s Official title: V-5, I-1, C-100, A-0, R-0, I-1, U-5, S-0, F-0, I-1, L-50, I-1, I-1, D-500, E-0, I-1 = Total 666. This is especially relevant because the Bible says that the number of the beast is a number of a man, and his number is 666.

We have seen that the Roman Catholic Church, which rose out of the crumbling Roman Empire, did come up after the kingdoms of Europe had established themselves and, in doing so, it pushed up, or rooted out three of those nations already established<sup>(8)</sup>. The Church was different from the other horns, in that it was a religious and political power and it was more stout or stronger than the other nations. This power claimed the very titles of God for its visible head, and in exercising the power that these titles imply, does indeed speak great words against the Most High<sup>(9)</sup>. The Roman Catholic Church was able to exercise its power to persecute those who differed from it in matters of worship for 1260 years, during which time it is estimated by the most conservative estimates, 100 million died for their faith<sup>(10)</sup>. In this it did truly wear out the saints of the Most High<sup>(11)</sup>. When we consider that the Papacy has also thought to change God’s times and laws<sup>(12)</sup>, it can be seen in conclusion that there is no other power or system that matches all these points, except the Roman Catholic Church.

The Catholic Church admits it has changed the law of God. It has changed the day mentioned in the Ten Commandments that God set aside to keep holy – the Bible Sabbath – Saturday, to Sunday, the first day of the week.

“Prove to me from the Bible alone that I am bound to keep Sunday holy. There is no such law in the Bible. It is a law of the holy Catholic Church alone. The Bible

says “Remember the Sabbath day to keep it holy.” The Catholic Church says, No. By my divine power I abolish the Sabbath day and command you to keep holy the first day of the week. And lo! The entire civilized world bows down in reverent obedience to the command of the Holy Catholic Church.” Priest Thomas Wright, CSSR, President of Redemptorist College, Kansas City, Missouri, in a lecture at Hartford, Kansas, and printed in the American Sentinel, June 1893, a New York Roman Catholic journal.

## Why am I telling you all this?

The Bible clearly states that this is the beast power that will assert its power at the end of the world. It is the real power behind the NWO. It is also called Babylon in Revelation. Another name given is the Antichrist. There is much written in the books of Daniel and Revelation about this power and what it will do. But we note that there are two beast powers mentioned in Revelation 13, two superpowers that are going to be the major players at “the end of time”. They will form a global alliance. This second beast is described as a lamblike beast that speaks like a dragon<sup>(13)</sup>. This beast is different from the other fierce beasts. This one is said to be gentle and harmless, but strangely, when it speaks, it speaks like a dragon. This beast arose when the first beast received his wound<sup>(14)</sup>. This was in 1798. There is only one country that was beginning at that time and that is the United States of America.

The Bible tells us that the United States, for many years the bastion of religious freedom, will become intolerant and despotic in enforcing religious laws. The leading churches of the United States will unite upon the points of doctrine that are held by them in common, they then shall influence the state to enforce their decrees and to sustain their institutions. Then Protestant America will have formed an image of the Roman Catholic Church hierarchy, and the infliction of civil penalties upon dissenters will inevitably result.

The United States will form an alliance with the Papacy. It will mix church with state as it “causes the earth and those who dwell in it to worship the first beast”<sup>(15)</sup>. The first beast, the Papacy, was a mixture of church and state. The United States will encourage its people to make an “image to the beast”<sup>(16)</sup>. Here we find a return to church/state government – a mirror image of the Papacy during the Middle Ages.

The “war on terror” has changed the world. Government laws are now impacting on reli-

gious practices and teachings. The boundaries between church and state have become blurred. World governments are looking to the religions of the world to join them in stamping out fundamentalism. The Bible predicts the last world government will be a combined force of church and state.

The final global issue will revolve around worship<sup>(17)</sup>. A law will be enacted, first in USA and then throughout the world that says we need to keep Sunday as a rest day. The world will be divided. Many people will obey the state religion. By doing this, the Bible says they will be worshipping the beast and receiving its mark<sup>(18)</sup>. Those who remain true to God worship the Creator<sup>(19)</sup> and obey all God’s Commandments<sup>(20)</sup>.

It is interesting to note that the Commandment that revolves around worship and obedience to the Creator God is the seventh day Sabbath which is Saturday. If a law was enforced today to “return to God’s law” and worship on Sunday, the day chosen by the mainstream church, would you do so? Who would you worship and obey and on what day would you do this?

I can see that a proposed law like this would at first not be religious but environmental. A cry will go out that the only way to save the planet is to allow the planet to ‘rest’ for a day; a ‘green Sunday’. But it will eventually be used to compel worship. You may say ‘no way, this will never happen to us,’ but I believe this is predicted in the Bible. **This forced worship that will be pushed by protestant America and the Papacy will be the mark of the beast.**

## A counterfeit religion

A counterfeit religious revival will sweep the world<sup>(21)</sup>. Religious healings and miracles will be so persuasive they will bring the world together in unity<sup>(22)</sup>. Many people will think that these miraculous signs will be evidence that the false teachings and religion of the world is the true religion of the Bible. This is erroneous thinking. Remember what I wrote about earlier in this article. Do not be deceived. Satan is a supernatural being who can perform miracles. Not all miracles are from God<sup>(23)</sup>.

As the United States gains greater power it exercises greater control. They will have power over the world economy and will move toward personal identity cards and a cashless economy<sup>(24)</sup>. During these times those who do not worship and obey the church/state government will be killed for their true faith and love for Jesus<sup>(25)</sup>. Revelation 13 concludes with both superpowers reaching a climax of powers simultaneously. The Bible says if you receive the

Mark of the Beast you will be safe from the government, but unsafe with God. In such a difficult time as this, even facing a death decree, it is important to obey God, rather than man<sup>(26)</sup>.

## What can you do to be safe?

The only true safety will be to say true to God. The Bible says that God wants us to “abide” in Him<sup>(27)</sup>. How do we do this? It means we have a living relationship with Him. We trust Him implicitly in everything. It is a friendship that involves prayer from your heart and daily Bible study to discover more about God and His will for your life. It involves confessing and forsaking sin. Abiding in Jesus also incorporates keeping all the Commandments of God. Jesus Himself said “if you love Me, keep My commandments”<sup>(28)</sup>. Remember, this means keeping all the Ten Commandments, not just nine or eight. There are no texts in the Bible that tell us that the Sabbath was changed to Sunday. This was changed by the Papacy.

Next we quote from Peter Giermann, from Catholicism’s Catechism.

“Q. Which is the Sabbath day?

“A. Saturday is the Sabbath day.

“Q. Why do we observe Sunday instead of Saturday?

“A. We observe Sunday instead of Saturday because the Catholic Church in the Council of Laodicea (A.D. 336), transferred the solemnity from Saturday to Sunday. The Convert’s Catechism of Catholic Doctrine p 50”

Many years ago I learnt a very important spiritual lesson. This taught me there is a vast difference between being loyal to a church and being loyal to Jesus Christ. Often people think that they are loyal to Christ by being loyal to their church. What we must realize is that our first loyalty *must* belong to Christ. Christ Himself says don’t blindly follow traditions just because you have always done so<sup>(29)</sup>. Consider carefully, don’t follow a blind leader or you both will fall in a ditch<sup>(30)</sup>. Jesus is described as the Good Shepherd and His children know and hear His voice and follow Him.

There are many Christians who currently keep Sunday who love God and will receive eternal life. They do not have the mark of the beast. The enforcement of the mark of the beast is still in the future. At that time the church/state will use the governments of the world will issue a law to enforce Sunday keeping selectively to stop buying or selling – attempting to starve God’s people into submission and cut them off from all forms of support. It is possible

that modern technology such as microchips will be used in this process; however this is not the mark of the beast. Taking the Covid vaccine is not receiving the mark of the beast. There is not one text that says the mark of the beast is specifically related to technology – the issue is who do we worship? Every living person will have to make a very important decision about this. This is why I am writing this newsletter now, warning you ahead of time, letting you know now, so that when it does happen, some of you will remember what I have written and will stand with God’s people.

The mark of the beast will be placed on anyone who worships and obeys the false religions of the world. It will be placed on the hand or in the forehead, indicating allegiance to the beast in mind or actions. The mark will be placed on those who are involved in false worship, they are obeying man’s laws but are disobedient to God’s laws. The tragic future scenario depicts many receivers of the mark sincerely thinking they are doing the right thing. The key point about the mark of the beast is that people will be deceived into false worship.

Each of us will have to choose to obey God at a time when the vast majority of the whole world is obeying man but convinced they are obeying God. There will be a false religious revival that follows a popular message, saying follow Christ, for He has changed the commandments. He now wants people to worship on Sundays. This movement will promote getting back to God.

## God does not compel anyone

Now the goals of this are admirable. I believe people do need to get back to God. But the point we must remember is that God has never compelled anyone to worship Him. Yes, God desires our worship, but it is always our free choice. He never wants a legislated religion. He wants us to choose to worship Him because we love to and want to, but not because a state has legislated it. God’s ten commandments were written by His finger in stone, never to change. Read Exodus chapter twenty to read the ten commandments.

God requires all His commandments to be kept, this includes the seventh-day Sabbath. If we don’t get the Mark of the Beast, it is foretold that we will eventually not be able to buy and sell, and a decree will go out that these people will be sentenced to death<sup>(31)</sup>. We must not get Mark of the Beast – **this is keeping Sunday, legislated by the law of the land as God’s rest day.** But Revelation also writes that we must not just avoid the mark of the beast, we must also have the Seal of God. Just avoiding keep-

ing Sunday and keeping the seventh day Sabbath day is not enough. There is more to being a Christian than this. Christians must be living with a connection to God, the Holy Spirit empowering and enabling them to keep all His commandments. They are “born again,” they have His Holy Spirit living in them. They are sealed with God’s character, the Holy Spirit writes His law in their hearts. The seventh-day Sabbath is a seal – the sign of His ownership and redemption.

Immediately after the dire warning of not receiving the mark of the beast, three world wide messages will be given out by God’s people, and then God outlines the characteristics of those who accept His warnings and avoid the dreadful mark. After these come the seven last plagues. These will bring the most devastating destruction on the world. But God has His people who He will shield and protect during this time. It is imperative we know how to come under His protection.

If you want to avoid the mark of the beast, you must not follow man’s laws, but you need to keep all God’s commandments, including the seventh day Sabbath, and have a living faith relationship with Jesus, learning to trust Him and learning to hear His voice. In fact anyone who has this experience will never receive the mark of the beast. This is a beautiful picture of a love relationship. God’s people love Him and want to be with Him. They spend time with Him, have a living connection with Him. And it is not a one way relationship. God gives His people power and love, He changes them, in a similar way that He changed the disciples and apostles from ordinary men and women to men and women who knew their Saviour, relied on Him for their power to work in a similar way that He worked.

## God delivers on His promises

There is a very interesting time coming up. To many it will appear frightening and fearful. But to God’s children who are looking out for His coming it will be filled with awe. God Himself has promised us that He will come very near to His children. He will love them, protect them, support them, and in every way, as loving father cares for His little children, He will provide abundantly for His children. Can you imagine all His promises being fulfilled for His children.

God’s Word is filled with thousands of promises for us. They cover many different circumstances where we may be in our life. Bible texts that promise us protection from harm, guidance in everything, comfort

in sorrow, shelter from attacks, freedom from addictions, deliverance from sin and evil, financial provision, hope for lost and hurting family and friends, overcoming depression, recovering a marriage, good health and healing, being free from fear and anxiety, strength, promised power to live a vibrant life plus many, many more promises. These are the blessings and gifts that God promises to provide for those who believe in Him. He has promised to supply every need we have. These include food, clothing, shelter, companionship, love, and salvation through Jesus Christ.

These are comforting to us here now in 2021 as we face what is happening to our country and our world. We are all being faced with the pressure of our government pushing us into making a decision as to whether we will receive an injection for the Coronavirus flu. I realize that we all have to make our own decision. Some readers will already have received this jab. I have done many hours of research on this and do not believe that it is something that is beneficial to our health. I have grave concerns about the efficacy and safety of this experimental “vaccination” being forced on a population. But I respect those who believing that by accepting this view and have gone ahead as they have been told this is the only option open for them to support their families. I have heard of some people who regret they have received it, but thought it was the only way for them. I want to offer comfort and hope for them.

## Look and live

As a believers in Jesus Christ, I have been searching in the Bible for answers. Is there something to negate the effects of this vaccine? Many people say no, once it is in your body you can never get it out. To give hope, I want to briefly share with you the story of how God brought the Israelites out of Egypt. He brought them through the Red Sea. Enshrouded in a pillar of cloud by day and a pillar of fire by night, He led them on their way, indicating where they should march and where they should pitch their tents. Christ guarded them from all the beasts of the wilderness and from the poisonous serpents. Their clothes and shoes did not wear out. They had food (manna) and water to drink. When He brought them to the border of the Promised Land in the second year after leaving Egypt, they rebelled and God sent them back into the wilderness, wandering for a total of forty years. During this time they continually grumbled and complained to God and Moses about the conditions. To stop one rebellion the Lord allowed the poisonous snakes to bite them and many died. Previously to this God had protected them against any

snakes or scorpions or anything that could harm them. But when He took away His protection from them, they were bitten. God then told Moses to make a serpent of brass and put it on a pole. Then if anyone who was bitten would look on this brazen serpent, they would live and be healed. This was to represent looking unto Jesus who died on the cross for His people. This is the only way they could be protected from the poisonous snakes.

The stories of how these people wandered in the wilderness are very relevant to us today. Many lessons can be learned out of their experiences. The comparison I want to make here is with the people who were bitten by the snakes in the wilderness and the people who have taken this jab for Covid. I am likening the jab to the poisonous bites of the serpents in the wilderness. There is a remedy. We have to look to Jesus, who is able heal. He can take away the pain, the hurt, the fear. His remedy is the only one that will work. Years later, when Jesus lived on the earth. He Himself taught that if true Christians who were walking in His ways and following all of His truths were poisoned, they would not be harmed and would live.

True Christians know they can call on God at any time and He will hear and answer them. God’s power has not diminished over the centuries. He is still the same God of power that opened the Red Sea for the Israelites. He is still the same God that stood beside the shepherd boy David and guided the stone from his sling as it sunk into the head of the giant Goliath. He is the same God that shut the mouths of the hungry lions in the den with Daniel. He still has the power to save His people today. He can save His people from anything harmful that may be in this jab. He is still in control. My hope and prayer is that the jab will not do the harm some think that will happen.

## Our current battle

Over the past months I have felt that we are in the midst of a great battle. Yet, in the confusion of events, we can easily lose the big picture of God’s escape plan for this world. Wars, political unrest, and natural disasters can hold us in helpless terror. But God’s prophetic guidance can help us keep in mind the big picture of where we are going and how we will get there.

We see an obvious battle around us with forces trying to demand, intimidate, scare and cause fear. As we see the global unrest, fear and anxiety, we don’t know what is ahead of us. But we do know that if Jesus is with us we can be confident that we will remain safe. The Bible assures us that

God wins. The rich (NWO) will weep and howl with anguish when they realize what is in store for them<sup>(32)</sup>. These rich are also described as merchants of the earth who by their sorceries<sup>(33)</sup> deceive the world – the word sorceries comes from the Greek word which has as its root Pharmakeia – which describes the use or the administering of drugs, poisoning, sorcery, magical arts, often found in connection with idolatry and fostered by it. This is where we get our English word pharmacy from – a well organized and professionalized system that administers poisonous drugs.

The wonderful truth is the surety of knowing that God wins the final battle. His power far surpasses that of Satan. Our problem is that most of us do not know how to use the weapons of warfare God has told us how to win our battles with Satan. We have all been given time at present learn how to use these weapons and to prepare our hearts and lives. God is calling His people. He want to take us home with Him to heaven. Remind yourself often, God is in control.

# A Medical Missionary Call

... your help will be soon needed

Watching the unfolding of the current events in Australia and other parts of the world, we find ourselves entering a strange new world. Over and over again we are being bombarded with the message, get the Vaccination and save our nation. So some people have chosen freely to take this jab, they feel their obligation to society is to do their part. Others feel they have no option but take it. They need to work, and feel forced to take it just to keep their job. I totally understand their dilemma. So, willingly or unwillingly we have a situation where countless people have taken this experimental vaccine. I personally believe that many questions about the safety of these have not been answered. Normally a vaccine takes years to go through clinical trials. This has been hurried onto a global population and the long term effects are not known.

There is information that is coming out revealing that this jab may cause many different health problems. We have no way of knowing how true this is, but lining it up with the Biblical scenario that some have believed was coming for many years, it could very easily be correct. There are certainly many reports of injuries that are horrifying to many of us. Some have seemingly come though the jab with virtually no side effects, others are suffering in different degrees, and a few are reacting so severely they even die.

We have no idea what the full ingredient list is in these experimental jabs. Our government has told us they are safe and are pushing for as many to be vaccinated as possible. The media are constantly barraging us with the need to be vaccinated. Yet if we listen to the alternative media on independent web pages, they certainly give an alternative view. Who is really correct?

I believe that we are entering a time where God wants to call His Medical Missionaries into action. By Medical Missionaries I mean all those who have been trained to help people recover from sicknesses and disease and minister to their needs. These can be those who have been trained to work as doctors and nurses, but it is also a call to those who feel called to help their fellow humans. Common people, who are called from the humble occupations of life, who have compassion and empathy for their fellow man.

Bible stories teach us much. There are many lessons we can learn from how God brought His people out of captivity from Egypt and took them to the Promised Land. This story tells us of God opening a way of escape for them through the Red Sea, provided them

water, food and protection in the wilderness. He kept them warm at night with a pillar of fire, and cool by day by a cloud. He kept them safe from the serpents in the wilderness. So many amazing stories of God's protective care to His often rebellious people. He wanted them to learn to trust Him. He took them to their own land, but because they often backslid and lost their connection with Him, He allowed different nations to attack them. Sometimes the enemy won, at other times His people were miraculously saved.

During their time in Babylonian captivity the story of Daniel occurs. There were three tests that I want to concentrate on. The first involved health. Daniel and his three friends were taken to the king's court and were to be trained in the Babylonian ways. They were forced to eat the unclean food from the king's table. Daniel and his friends declined with the threat of the loss of their lives, but they were eventually saved. The second test was on worship. The three of Daniel's friend were told they had to bow down to the king of Babylon and worship him. They declined and were cast into a fiery furnace, but they miraculously lived. Then Daniel received a death decree and was cast into a den of hungry lions. But God performed a miracle and kept the lion's mouth shut.

A story from the New Testament tells of Paul, going through a shipwreck, again being miraculously saved, and then, picking up wood to make a fire gets bitten by a poisonous viper. But God once again miraculously saved him. God is able to save people from dying from anything poisonous.

What can we learn from this? God is well able to keep His people shielded and protected when they humble themselves and ask Him for protection. God wants His people to reveal to the suffering that there are two aspects to any healing. First is a spiritual aspect and the second is a practical, how we can use different protocols to help the suffering.

The spiritual healing will come when the person comes to God, acknowledges their sins, and gives themselves completely to Him. We will need a miracle to turn around any damage in the body. But God can do this. God will work through devoted Christians who know Him and trust Him. They know how to intercede in prayer for friends, family and suffering people. I believe that it will soon become essential for our workers to know and experience God's power and love as they go out to heal in the name of Jesus. Considering all this, do you think that a God who did all this in the times of the Bible is not able to save those who come to Him today? But God wants people who He can work through.

## What we do know now

Please read the accompanying attachment to this email, or look up my web page for the same detailed protocol how to help those with covid vax damage. It describes the damage that the spike protein does to the body. But another equally harmful substance is a magnetic substance, graphene oxide. It can damage the liver and the kidneys, spur on the formation of granulomas in the lungs, decrease cell viability and trigger cell apoptosis or pre-programmed cell death. Animal studies have found that injection of graphene oxide in the body deposits the toxic substance in the lungs, liver, spleen and kidneys. Researchers have also reported difficulty in cleansing the material out of the body.

The world renown biophysicist Andreas Kalcker developed an effective treatment for COVID-19, which is used by over 5,000 physicians in 23 countries. His treatment, which consists of therapeutic grade chlorine dioxide, slashed the daily death rates in Bolivia from 100 deaths a day to virtually zero. It is used by the police, military and politicians in several Latin American countries. It is used for Covid patients, but also as a treatment for vaccine damaged people. This same biophysicist has discovered that the vaccines contain large amounts of graphene oxide (up to 95%). He warns that the graphene oxide which is being injected into humans is altering their electro magnetic field.

*'What we are concerned about is the side effects it has. This isn't described in medicine, but it's described in my field, biophysics. What happens? The body needs its electromolecular capabilities to work. The heart beats because there's a magnetic field that creates, subsequently, the electricity for pumping and everything else. Graphene is completely altering our electromagnetic field, something that has never happened before. What we're seeing is something 'in vivo' with some dramatic effects. We have been watching a lot of videos of people who are dying after being vaccinated. You see people spasming. These spasms have, for example, very specific frequencies, and they are basically the same in all kinds of spasms. These spasms clearly indicate that there is a disruption of the human electromagnetic fields.'*

Along with graphene oxide, other toxic materials like aluminum, LNP capsids, PEG and parasites in the vaccines was further confirmed by Dr Robert Young. Research by Dr Young and his scientific team found toxic nanometallic content with magnetotoxic, cytotoxic and genotoxic effects, as well as identified life-threatening parasites.

# So where do we go from here?

I have been looking to gain information that can be beneficial to anyone who has problems after receiving these shots. I have been taking an interest in all suggested treatment plans. We know that even if we discover something that may break down the spike protein, there are other ingredients that we have no idea of the long term effects on our body. Facebook and many of the public media outlets have censored any comments about vaccine damage. The public is not getting unbiased information about this.

So how do we help these people who have taken a vaccine? They must be educated that it is very important to have a very nutrient dense diet. I have been going over the literature sharing what is best to help these people, I find that the best overall diet is the diet we have been teaching for many years now – a whole food plant based diet. Anecdotal evidence says that those who have stopped eating meat feel much better.

It would be best to get onto good supplements. Vitamin C acts like an antiviral drug inactivating viruses. Megadoses are very effective for serious diseases. It works well with quercetin because it recycles quercetin and increases its efficiency. Zinc kills the virus and spike proteins. COVID-19 is an RNA virus which requires RNA polymerase to replicate. Zinc is an essential mineral which inhibits the enzyme RNA polymerase and other proteins. It slows down the replication of viruses giving time for the body to build up antibodies in defence. Vitamin D is shown to be deficient in many people and people need to make sure their vitamin D level is adequate. Make sure you get quality vitamin supplements.

Most of us would have heard the name Hydroxychloroquine (HCQ) that is a medically prescribed drug which has been tried, tested and proven for decades for many diseases. Many doctors are having great success with COVID-19 virus. Early treatment is most successful. HCQ is a zinc ionophore, ie it transports zinc into the cells so the zinc can inhibit the enzyme RNA polymerase which an RNA virus needs in order to replicate, ie HCQ helps zinc to stop the virus replicating. It seems that it can be used as a treatment when infected with Covid and can also be used when treating the effects of the vaccine damage. Quercetin or quinine is a natural alternative to HCQ; it is a zinc ionophore, ie it transports zinc into the cells, acts like an antiviral drug inactivating a virus; anti-oxidant; prebiotic; works well with Vitamin C. NB: people with hypothyroidism need to have TSH levels monitored. **For a complete list of these treatment and supplemental foods that can be used, please go to my web page.**

Ivermectin is often used for parasites but doctors are having success with viruses. It works by blocking the transporter which

carries the virus proteins into the cell nucleus. The body can then fight the infection normally because the viral proteins can't stop the natural immune response. Ivermectin is the generic name and Stromectol is the brand name.

Black Seed Oil can be used for viral infections and pneumonia. It works well with Vitamin C infusions and is an anti-inflammatory and anti-oxidant. Colloidal Silver is also a good anti-viral. Dimethyl Sulfoxide (DMSO) is an anti-inflammatory, stops blood clots and brings pain relief from adverse reactions. Methyl Sulfonyl Methane (MSM), related to DMSO and is an organic sulphur easily used by the body that is taken from the ocean. It improves the immune system against viruses without having to take antibiotics, is an anti-inflammatory and anti-oxidant. N-Acetyl-L-Cysteine is easily soluble and important in production of glutathione which is made from amino acids. It builds up immune system and repairs tissue killing spike proteins.

Olive leaf extract is a potent source of anti-oxidants, supports immune system, is anti-inflammatory, anti-viral and helps increase blood flow. Magnesium is helpful. The best is Magnesium L Threonate as it protects from transmitting spike protein, viruses and bacteria. A good idea is to take nascent iodine as it too is an antiviral. Mullein and Echinacea, Elderberry, Turmeric all boost the immune system. Selenium is an essential mineral which tells bone marrow to produce and release blood cells to fight all infections – viruses, cancer etc.

Plus there are teas that help. Fennel tea has shikimic acid which fights viruses, bacteria, fungus, enhances the immune system, it comes from Chinese star anise plant and leads to neuro-protection action of cells. Pine needle tea has vitamin C to fight illness, vitamin A to improve red blood cell reproduction, is an expectorant for coughs; relieves chest infection; for sore throats and is an antioxidant. Other teas are basil tea, astragalus, yarrow, licorice tea and Pau d'arco.

## A few more protocols

Absolutely no GMO foods, no glyphosate, sleep, breathing, drinking lots of water, proper diet, prayer, sunlight, coffee enemas (rid the body of bile and cleanses out liver) and one that has found to have had success in treating covid damaged patients is fasting. A process called autophagy happens where cells degrade and recycle their components. It provides fuel for energy and building blocks for cell renewal. After infection, autophagy can destroy bacteria and viruses. A three day water fast, combined with specific nutrients was enough to switch off the spike protein in patients that were very ill, then followed by an eleven day nutrient dense diet. It is not known how long lasting this is, but fasting along with daily intermittent fasting is a great healing lifestyle that is very underestimated.

Whether you're dealing with chronic infections, a recent infection, diabetes, cancer, a neurologic condition, or something going on with your heart, intermittent fasting (18 hours between meals ie 2 meals daily) has major benefits you'll definitely want to take advantage of. Heat applied in saunas is beneficial, also red light and light therapies. Proteolytic enzymes such as bromelain, papain, lemon juice, raw foods, minerals, juices all can be used. Charcoal and bentonite clay are valuable.

I have been interested in researching chlorine dioxide as it is known to be the best known disinfectant known, since it is capable of eliminating bacteria, fungi, viruses, and small parasites, in a wide pH range. It has been used for 80 years to disinfect drinking water without causing problems to our health in all these years. It is used by blood banks to treat blood taken for transfusion. Could it be used to help in the treatment to help the vax injured? I came across a research paper from Japan that says it indeed does inhibit the spike protein, oxidises it, and stops it from binding to human receptors sites.

But the spike protein is not the only ingredient that may be harmful. Now, the question is what else is inside the vaccine that might affect our body that chlorine dioxide cannot eliminate, such as the genetic change that might occur with the mRNA, graphene oxide, etc. For the moment, chlorine dioxide is our best choice but we know that there is a lot we don't know about how to totally heal from this vaccination.

We have no idea what the long term effect of this vaccine is. Sadly the government have decided to urge pregnant women and parents of young children to take this experimental gene therapy.

I can see the need of an army of trained Medical Missionaries who have the desire to help the suffering. I believe there will be ample opportunity to help those who need help. These Medical Missionaries will need a knowledge of simple home treatments and remedies, but they will need to know how to intercede in prayer for those they are helping. If this eventuates as some predict, these Medical Missionaries will be used by God as instruments for healing.

## Recipes

### Gluten free starter or bread leaven

1 cup buckwheat or brown rice flour  
1 cup water  
½ - 1 cup Sour dough starter  
1 t organic brown sugar or Organic Sulphur free blackstrap molasses

Whisk water, sourdough starter and sugar. Add flour and whisk again. Set aside on bench and allow to rise for 4-5 hours. This should have small bubbles throughout starter and should nearly double in size. It may need a longer time to rise in winter. Temperature is important. 28° C is best.

Then place in fridge to keep. If you plan to use it immediately, remember to keep back about half mixture for your next batch and keep this in the fridge.

**Feeding ratio:** 1 part flour to 1½ parts water OR you can have a 1 part flour to 1 part water ratio.

If using brown rice flour, it will separate into a solid bottom layer and watery top layer. This is normal. Just stir before use and it will be ready for use.

**Maintaining GF starter:** feed and use your GF starter at least once every two week, but using it weekly is best

Keep starter in fridge after use. If you are left with only a small amount of starter, you can feed 50g flour and 75g water, stir and put it in the fridge.

**If you go away for a while:** Feed your starter 200g of GF flour and 200g water, stir and leave in fridge

When you are back, add 100g water, stir and let it rise. Discard 2/3 of the quantity.

Now your starter is ready for normal feeding.

### Gluten free Bread mixture (can use for sandwich press)

1 - 1¼ c sourdough starter  
1 c water  
1½ c gf flours (eg buckwheat, tapioca, besan, maize, brown rice)  
1 T psyllium husks  
1 T ground linseeds  
1 tsp sea salt  
2 T olive oil

Whisk to mix together starter and water. Add rest of ingredients and combine well.

This can be placed in an electric mixer and mixed for 10 minutes. Can use Thermomix (on dough) or mixer with dough hook.

Place into a glass bowl, cover, and let rise on bench for 4-5 hours. Then place mixture in fridge (with lid that doesn't seal tight).

Use a small part of this mixture (about 2 tablespoons) and place in sandwich press to cook freshly, daily or when needed. This keeps in fridge for about one week.

You could use this as a pizza base. Make sure the mixture is quite stiff, so it can be rolled or pressed out. You can adjust the water flour ratio and it still works well.

You could add dried mixed fruit and spices for a fruit version.

# The Great Controversy

...a glimpse into the future

The people of God are directed to the Scriptures as their safeguard against the influence of false teachers and the delusive power of spirits of darkness. Satan employs every possible device to prevent men from obtaining a knowledge of the Bible; for its plain utterances reveal his deceptions. At every revival of God's work the prince of evil is aroused to more intense activity; he is now putting forth his utmost efforts for a final struggle against Christ and His followers. The last great delusion is soon to open before us. Antichrist is to perform his marvelous works in our sight. So closely will the counterfeit resemble the true that it will be impossible to distinguish between them except by the Holy Scriptures. By their testimony every statement and every miracle must be tested. {GC 593.1}

Those who endeavor to obey all the commandments of God will be opposed and derided. They can stand only in God. In order to endure the trial before them, they must understand the will of God as revealed in His word; they can honor Him only as they have a right conception of His character, government, and purposes, and act in accordance with them. None but those who have fortified the mind with the truths of the Bible will stand through the last great conflict. To every soul will come the searching test: Shall I obey God rather than men? The decisive hour is even now at hand. Are our feet planted on the rock of God's immutable word? Are we prepared to stand firm in defense of the commandments of God and the faith of Jesus? {GC 593.2}

When God sends to men warnings so important that they are represented as proclaimed by holy angels flying in the midst of heaven, He requires every person endowed with reasoning powers to heed the message. The fearful judgments denounced against the worship of the beast and his image (Revelation 14:9-11), should lead all to a diligent study of the prophecies to learn what the mark of the beast is, and how they are to avoid receiving it. But the masses of the people turn away their ears from hearing the truth and are turned unto fables. The apostle Paul declared, looking down to the last days: "The time will come when they will not endure sound doctrine." 2 Timothy 4:3. That time has fully come. The multitudes do not want Bible truth, because it interferes with the desires of the sinful, world-loving heart; and Satan supplies the deceptions which they love. {GC 594.2}

It is the first and highest duty of every rational being to learn from the Scriptures what is truth, and then to walk in the light and encourage others to follow his example. We should day by day study the Bible diligently, weighing every thought and comparing scripture with scripture. With divine help we are to form our opinions for ourselves as we are to answer for ourselves before God. {GC 598.2}

We are living in the most solemn period of this world's history. The destiny of earth's teeming multitudes is about to be decided. Our own future well-being and also the salvation of other

souls depend upon the course which we now pursue. We need to be guided by the Spirit of truth. Every follower of Christ should earnestly inquire: "Lord, what wilt Thou have me to do?" We need to humble ourselves before the Lord, with fasting and prayer, and to meditate much upon His word, especially upon the scenes of the judgment. We should now seek a deep and living experience in the things of God. We have not a moment to lose. Events of vital importance are taking place around us; we are on Satan's enchanted ground. Sleep not, sentinels of God; the foe is lurking near, ready at any moment, should you become lax and drowsy, to spring upon you and make you his prey. {GC 601.1}

Many are deceived as to their true condition before God. They congratulate themselves upon the wrong acts which they do not commit, and forget to enumerate the good and noble deeds which God requires of them, but which they have neglected to perform. It is not enough that they are trees in the garden of God. They are to answer His expectation by bearing fruit. He holds them accountable for their failure to accomplish all the good which they could have done, through His grace strengthening them. In the books of heaven they are registered as cumberers of the ground. Yet the case of even this class is not utterly hopeless. With those who have slighted God's mercy and abused His grace, the heart of long-suffering love yet pleads. "Wherefore He saith, Awake thou that sleepest, and arise from the dead, and Christ shall give thee light. See then that ye walk circumspectly, . . . redeeming the time, because the days are evil." Ephesians 5:14-16. {GC 601.2}

Fearful is the issue to which the world is to be brought. The powers of earth, uniting to war against the commandments of God, will decree that "all, both small and great, rich and poor, free and bond" (Revelation 13:16), shall conform to the customs of the church by the observance of the false sabbath. All who refuse compliance will be visited with civil penalties, and it will finally be declared that they are deserving of death. On the other hand, the law of God enjoining the Creator's rest day demands obedience and threatens wrath against all who transgress its precepts. {GC 604.2}

With the issue thus clearly brought before him, whoever shall trample upon God's law to obey a human enactment receives the mark of the beast; he accepts the sign of allegiance to the power which he chooses to obey instead of God. The warning from heaven is: "If any man worship the beast and his image, and receive his mark in his forehead, or in his hand, the same shall drink of the wine of the wrath of God, which is poured out without mixture into the cup of His indignation." Revelation 14:9, 10. {GC 604.3}

But not one is made to suffer the wrath of God until the truth has been brought home to his mind and conscience, and has been rejected. There are many who have never had an oppor-

tunity to hear the special truths for this time. The obligation of the fourth commandment has never been set before them in its true light. He who reads every heart and tries every motive will leave none who desire a knowledge of the truth, to be deceived as to the issues of the controversy. The decree is not to be urged upon the people blindly. Everyone is to have sufficient light to make his decision intelligently. {GC 605.1}

The Sabbath will be the great test of loyalty, for it is the point of truth especially controverted. When the final test shall be brought to bear upon men, then the line of distinction will be drawn between those who serve God and those who serve Him not. While the observance of the false sabbath in compliance with the law of the state, contrary to the fourth commandment, will be an avowal of allegiance to a power that is in opposition to God, the keeping of the true Sabbath, in obedience to God's law, is an evidence of loyalty to the Creator. While one class, by accepting the sign of submission to earthly powers, receive the mark of the beast, the other choosing the token of allegiance to divine authority, receive the seal of God. {GC 605.2}

Heretofore those who presented the truths of the third angel's message have often been regarded as mere alarmists. Their predictions that religious intolerance would gain control in the United States, that church and state would unite to persecute those who keep the commandments of God, have been pronounced groundless and absurd. It has been confidently declared that this land could never become other than what it has been--the defender of religious freedom. But as the question of enforcing Sunday observance is widely agitated, the event so long doubted and disbelieved is seen to be approaching, and the third message will produce an effect which it could not have had before. {GC 605.3}

Thus the message of the third angel will be proclaimed. As the time comes for it to be given with greatest power, the Lord will work through humble instruments, leading the minds of those who consecrate themselves to His service. The laborers will be qualified rather by the unction of His Spirit than by the training of literary institutions. Men of faith and prayer will be constrained to go forth with holy zeal, declaring the words which God gives them. The sins of Babylon will be laid open. The fearful results of enforcing the observances of the church by civil authority, the inroads of spiritualism, the stealthy but rapid progress of the papal power--all will be unmasked. By these solemn warnings the people will be stirred. Thousands upon thousands will listen who have never heard words like these. In amazement they hear the testimony that Babylon is the church, fallen because of her errors and sins, because of her rejection of the truth sent to her from heaven. As the people go to their former teachers with the eager inquiry, Are these things so? the ministers present fables, prophesy smooth things, to soothe their fears and quiet the awakened conscience. But since many refuse to be satisfied with the mere authority of men and demand a plain "Thus saith the Lord," the popular ministry, like the Pharisees of old, filled with anger as their authority is questioned, will denounce the message as of Satan and stir up the sin-loving multitudes to revile and persecute those who proclaim it. {GC 606.2}
